**Amend/ Changes to Agenda: No changes to the agenda.**

**Public Comment:** Heard many comments from the audience

- Will extra taxes be applied to village and township taxes to pay for village and township owned properties.
- How many buildings on a parcel will be accessed.
- The proposed district will probably be the actual assessed district.
- A better way of communicating should be established and put into place.
- What is too expensive for everyone? Need to establish a baseline number.
- Questions about the grant & finances and how they work.
- Comments on Facebook posts. David also addressed this issue.
- This system is not an actual sewer but rather a holding system. Not enough is being done to address farmers polluting the lakes.

**Treasurer's Report:** Excepted as read

**Bills for the Month:** Wade Trim for \$2,053.01 motioned by Griven second by Harthun M/C

**Wade Trim Update:** Ken reported that we are currently waiting on the Village and for an update on zoning to complete the application. Current timeline is to have the preliminary numbers to Rural Development and one more publication and then the application can be submitted. Ken will also supply the Authority and the website a new timetable of the project.

**Public Comment:** Frustration on behalf of everyone, both board and public of misinformation. Frustration causes rumors. Put all information on websites.
